## BACKEND DEVELOPER

Delhi, India | +91 9667305448 | singhrohit73314@gmail.com

LinkedIn: LinkedIn Profile | GitHub: GitHub (Projects & Code) | Portfolio: Developer Portfolio

### PROFESSIONAL SUMMARY

Backend Developer with **2+ years of hands-on experience** in building, optimizing, and maintaining web applications using **PHP, Laravel, React, Next.js, and MySQL**. Experienced in **API integration, performance optimization, and scalable backend development**. Strong problem-solving skills with the ability to quickly adapt to new technologies and project requirements.

### WORK EXPERIENCE

**Jr. Backend Developer** | Nibble Software Technologies Pvt. Ltd. | *April 2025 - Present* | *Delhi, India*

- Developed and maintained **PHP, Laravel, and React-based applications**, contributing to faster development cycles and improved overall code quality. Integrated RESTful APIs and optimized backend logic, **reducing load times and improving system performance**.
- Collaborated closely with **UI/UX designers and QA teams** to deliver scalable features capable of handling high traffic.

**Backend Developer – Trainee** | Nibble Software Technologies PVT LTD | *August 2024 - March 2025* | *Delhi, India*

- Designed and maintained server-side logic using Laravel for CRM applications.
- Worked on feature enhancements, bug fixes, and backend performance optimizations to improve **system stability and reliability**.

### PROJECTS

**TravoByte – AI-Powered Travel CRM Platform** | [travobyte.com](https://travobyte.com) | Laravel, PHP, JavaScript, MySQL

- Developed a travel CRM platform with AI-powered package/quotation generation, lead management, booking workflows, and B2B/B2C support.
- Built key modules for AI-driven quotations, lead scoring, booking management, supplier coordination, reporting, client management, and payment tracking.
- Integrated Flight/Hotel APIs, Razorpay payments, WhatsApp Cloud API, and AI services; also developed the B2C CMS for automated itinerary, pricing, and marketing content generation.

**BirthdayMasti - E-commerce Platform** | [birthdaymasti.com](https://birthdaymasti.com) | Laravel, PHP, Next.js, JavaScript, SQL

- Developed an in-house cake e-commerce platform featuring a user-friendly interface, secure payment processing, and efficient order management for a smooth customer experience.

**Karzanddolls – E-commerce Platform** | [karzanddolls.com](https://karzanddolls.com) | Laravel, Next.js, MySQL, REST APIs, Payment Integration, DTDC

- Rebuilding an existing collectibles e-commerce site (previously in CodeIgniter) using Laravel for the backend and Next.js for the frontend.
- Developing a scalable Laravel admin panel for inventory, orders, users, and promotions.
- Building a fast, responsive Next.js storefront with advanced filtering, wishlist support, secure payments, authentication, order tracking and a preorder flow.

**Additional Work:** Explore my portfolio for more projects, technical contributions, and development work.

### TECHNICAL SKILLS

**Backend:** Laravel, PHP, Node.js, Express.js, REST APIs, Auth (JWT), API Security, Performance Optimization

**Frontend:** React.js, Next.js, JavaScript, Bootstrap

**Databases:** MySQL, MongoDB, Firebase

**API Integrations:** Payment Gateway Integration, Email Services, Geolocation APIs, Currency Conversion APIs

**Cloud & Tools:** AWS EC2, Git, GitHub

**Core CS:** Data Structures & Algorithms, Operating Systems, Database Management Systems

**Languages:** Java, JavaScript, PHP

### EDUCATION

**Master of Computer Applications (MCA)**

Ganga Institute of Technology and Management | CGPA: 7.20 | *September 2022 - July 2024*

**Bachelor of Computer Applications (BCA)**

Ganga Institute of Technology and Management | CGPA: 7.53 | *August 2019 - July 2022*

### ACHIEVEMENTS

- National-Level Hackathon: Represented team and received positive feedback for an innovative project presentation.
- Alumni Tracking System: Developed a system to manage alumni data and improve engagement.
